

BOIYC Fall Newsletter 2017

This email is being sent on behalf of Commodore Seaward and the executive of the BOIYC.

We have enjoyed some great boating weather over this past summer, but now it's THAT time of year again; time to remove the docks and prepare for the upcoming winter.

During the last executive meeting, dates were chosen for a work party to remove the docks at Wood's Island and the main marina. Removal of the docks is a labour intensive procedure and it goes smoothly with a good turnout of members.

The Wood's Island trip is scheduled for October 14, 2017. As always, we are planning on leaving the BOIYC at 0900 and motoring to the island. Transportation will be provided by members who have agreed to the use of their boats.

The removal of the floating docks at the main marina is scheduled for November 4, 2017.

Lunch will be served following both work parties. Normally, we have soup and sandwiches provided by the members. If any member is able to provide a pot of soup or a tray of sandwiches, we ask that you reply to this email so that we can better plan the lunch.

Immediately following the removal of the main floating docks and lunch, we will be holding our annual general meeting. This meeting will allow your executive the opportunity to provide updates on the business of the club since we've last met. The election of officers for the upcoming year will also be held at this AGM.

For newer members, these are great opportunities to satisfy your volunteer hours. The use of volunteer work parties allows the BOIYC to keep its annual dues to a reasonable level.

The social committee has set aside the evening of December 9th for the BOIYC Christmas get together. This will be a pot luck event and tickets will be sold at the AGM. The tickets are \$30.00 per couple. If there are any questions regarding this event, members can contact Leona at 639-3598 or Paula at 639-8421.
